Goetian Pyramid Power

Now you can combine two of the most powerful occult forces known to man. One is at the center of magical theory and practice - the Goetia. The other is the unlimited power of Pyramid Energy. When you harness these two dynamic forces, you have an effective creative system, which you can use to bring about any event or situation - easily and simply.

Goetian Pyramid Power draws its magic from the enigmatic Spirits that were imprisioned within a brass vessel and cast into the depths of a lake by King Solomon, of Ancient Israel.

The Spirits were liberated by a group of fortune seeking Babylonians who broke open the seal in their bid to retrieve a treasure which they believed the brass vessel contained.

With the exception of Belial, a mighty King who entered an image and, in return for sacrafices and idolised worship, gave prophecies to those who sought his guidance, the Spirits and their minions returned to their designated places within the Netherworld.

And the mysterious power of Pyramid Energy.

I will show you how to work with the Goetian Spirits and Pyramid Energy to help solve the many problems that you may now have, all you have to do is follow an easy-to-understand procedure that will harness

Goetian Pyramid Power in your life. You will, somewhere within the pages of this book, find a Spell or Ritual that meets your desire and an easy way to improve your affairs whenever help is needed.

The Magic of Goetian Pyramid Power

Let me assure you that no such previous experience is required, as Goetian Pyramid Power is a magical system you can easily learn. Neither should you possess any undue fear working with the aforementioned Spirits. Yes, we are dealing with powers ascribed to so-called Dark Spirits, but let me assure you these fallen angels are far more *human* in nature than regular angels could ever be.

Here's just a few of the things Goetian Pyramid Power can do for you:

* Put money in your bank account to be used over and over again!

* Create powerful Magical Seals to attract money, love, and happiness - easily and simply!

* Reveal the secret Spells, Rituals, and Words of Power which will invoke the help of Powerful Ancient Spirits!

* Gain mystical insight into the ancient secrets of the Esoteric Sciences and the Invisible World around us!

* Make good luck and success a natural part of your life!

And that's just the beginning!

The Power of Four

The ancients saw beyond the material world and drew power from the four elements - Earth, Air, Fire, and Water, and the four directions - north, east, south, and west. There are four Goetian Kings - Amaymon, Corson, Ziminiar, and Göap, ruling in the Four Cardinal Points. The occult world is based upon the power and stability of the number four and, if you haven't already noticed, those monuments to a time long ago, the pyramids stand firmly on a base of four sides. And by the time you've finished reading this book, you will have the knowledge how to combine these four occult mysteries into a single unified force to create whatever kind of reality you like.

The first step is to look at the four pyramid faces, and the ancient spirits unique to each face.

What You First Need to Do

Decide what it is you desire Goetian Pyramid Power to bring you. Now copy the Magic Seal of the Spirit you wish to work with on a piece of plain white paper. When you have done this, write on the blank reverse side your name and underneath write down what it is you want. Attach the Seal to a piece of card to keep it unfolded. Once you have prepared your chosen Seal, recite the Goetian Pyramid Power Invocation appropriate to your desire.
